

# Learn 'n Play News

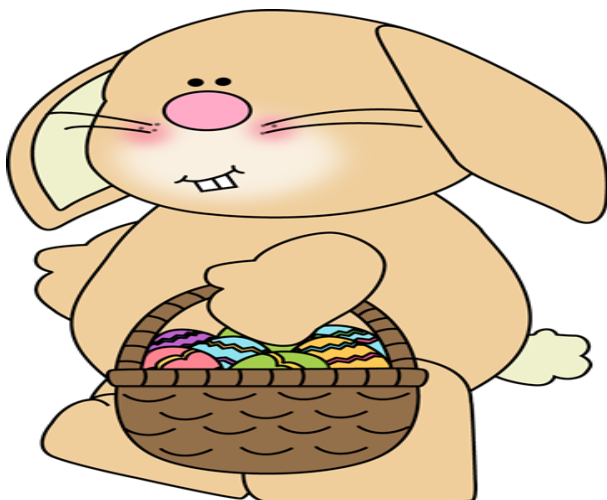

March 2016

We are all enjoying this incredible weather! Please make sure your child still has ALL his/her winter outdoor clothing here at all times, including boots, snowpants, and mittens. It's only March so who knows what the weather will do.

The program we use for signing in, Life Cubby, has an app for parents that we are going to start using this month. I've been testing it out with a couple families already. Please download it onto your phone. It's called Life Cubby Family (make sure you get the family edition and not the classroom one). It's available in both the Apple and Android platforms. Please text me once you download it and I'll go into the system and have it send you information to start an account. It's completely free! The system does a ton of things and we're slowly adding to the ones we use. This system is much easier to use and less expensive than the last one I tried.

Let me know if you have any questions.

Our annual Easter Egg Hunt will be Friday, March 25 at about 10am. All currently enrolled children are welcome. Please RSVP by Monday, March 21.

Remember, we are closed Friday, April 22 and Monday, April 25. We will reopen Tuesday, March 26 at the regular time. Rill and I won't be going to Texas this year as we hoped in March.
